

## Workshops Designed for Girls in Grades 6-7-8

Bellevue College  
Saturday, March 27, 2010  
8:00am – 11:50am

## 28<sup>th</sup> Year – Over 8000 Local Middle School Girls Have Participated

The **Expanding Your Horizons** conference is a fun-filled annual event consisting of hands-on activities and demonstrations led by women working in math, science, and technology fields. Students attend three activity-filled workshops of actual projects and simulations from these exciting careers.

### Registration Information

Cost: \$14 for each student or adult attendee

Postmark deadline: **March 19<sup>th</sup>, 2010**

### Sample Workshops:

- Physicians to the Furry
- Make a Movie! (Computer)
- Create Beautiful Places (Architecture)
- Let's See That Smile (Dentistry)
- Bridging the Gap (Engineering)
- Video Gaming Is Not Just a Boys Game!

A special program for parents and interested adults runs concurrently and emphasizes latest research information regarding all aspects of girls' development and parenting.
